

THE SCOURGE OF Degree Factory

A CONUNDRUM IN EDUCATION SEGMENT

The world's education is undergoing a crisis. There is an exponential growth in the number of fake universities and fake degrees from these institutions and this number is growing. Educators primarily and the people at large are unaware of the magnitude of the problem. This crisis is not just affecting the educators and the educational institutions, but the employers, and society at large.

3,300

Number of unrecognized universities worldwide, that sell bachelor's, master's, doctorates, law, and medical degrees.

450,000

Number of degrees sold by just One international diploma mill, with offices in Europe and the Middle East. Their revenues exceeded US\$450,000.

\$2,400

Price of an MBA degree with a 'Bachelor's thrown in' in USA by some of the 'agencies' based on investigative reports.
